Different seating solution to meet different need and function.

### Angle cut

Based on the need to make sure the safety, tribune can make angle cut.

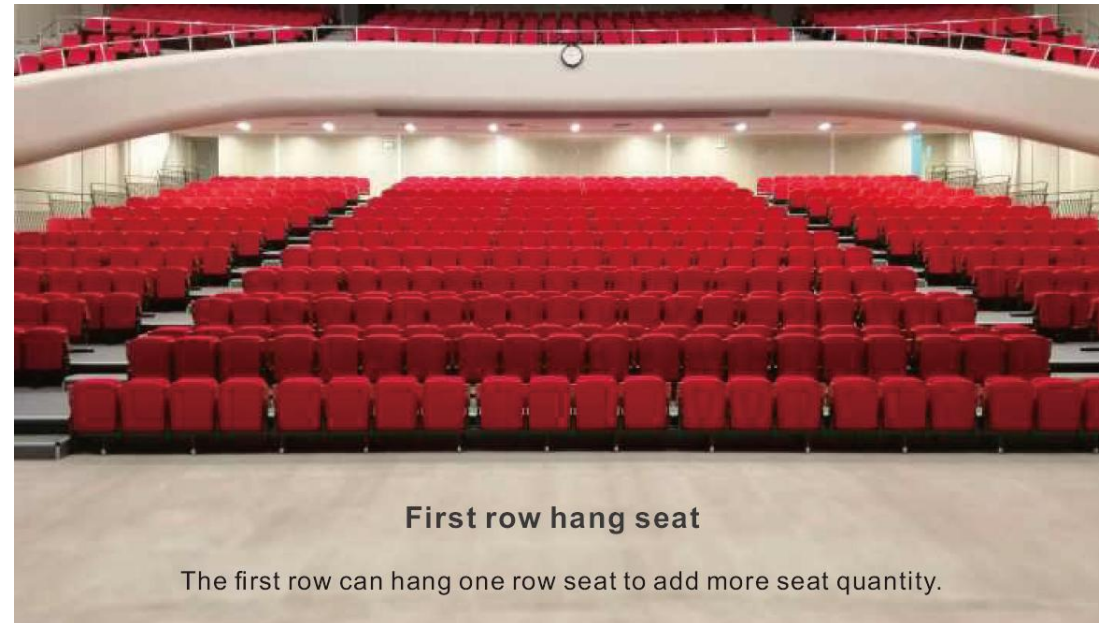

### Elevated front row

Have better view for different front row height, and add front handrail to make safety.

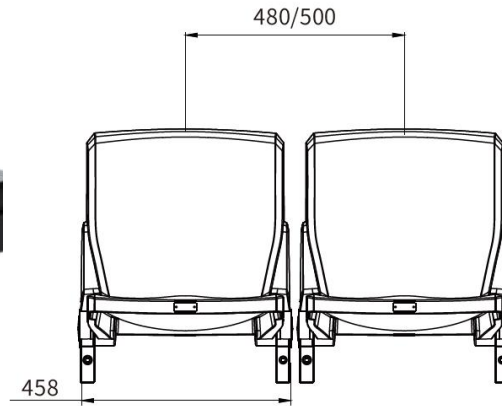

### Safty

can design safty exit on the bottom of tribue under the condition of safety and comply with standard.

### First row hang seat

The first row can hang one row seat to add more seat quantity.
