MF-PIAZZA (65mm)

PIAZZA, promotes the sense of shared identity and teamwork. Its simple, functional, flexible concept responds to suit the fast changing conditions in today's workspace. It is easy to install and reconfigured to compelling solution for global work environment for manager workstation, general workstation, and discussion area.

MF-MOLEX (50mm)

Molex's innovative design transforms your office with its sleek yet robust structure. Its lightweight panel structure allows office to be transformed easily to reflect the ever-changing office environment. This features is also supported by the smart-clip system to interlock 2 or more panels together to minimize time needed for installation.

MF-HAZI (30mm)

Concentration within a team maximizes efficiency while enforcing team-working spirit.

Agility is the objective when we design and engineer the Hazi screen system. Whether it is used as an on-desk screen or suspended panel, Hazi is designed to enhance the looks of your workspace while maximizing the efficiency of the user

MF-MXI (25mm)

The MXI answers the most challenging issue we face in our workspace today: SPACE. MXI is designed and engineered to optimize every square meter in our workspace.

MF-SCALE (18mm)

Scale's wooden screen is secured by a series of smart clamps for a minimalist outlook. Mid divider screen is fixed to the middle rail using a specially designed clamp. Scale is designed for an economical solution with easy installation to quickly enhance the looks and features of your workspace.
